The youth replied with a knowing wink. He had watched the weather since early May. And he said, "The reason is, I think, they're saving it up for Saturday."

Council committee on claims was to have met last night, but as a quorum was not obtainable, no meeting was held. On account of hot weather the Wheeling iron works is not making a heavy run, the heat being to great for the men.

The impression has gone abroad since Judge Campbell's decision was given the other day, that the bars are entirely down on the sale of cigarettes. This is wrong. If a tobaccoist buys his cigarettes from a jobber in this state he cannot resell them, as there would then be merely state trade, but if the retailer purchases the goods from outside the state, the state is powerless to prevent the sale by the retailer.

President Hohenshuch, of the national association, gave another lecture on embalming and other features of the work of the undertaker and then the association adjourned.

In the afternoon the delegates were taken to Wheeling park where the afternoon was pleasantly spent. A banquet was the principal feature, beginning at 6 o'clock.

The delegates left for their homes last evening.
